Applicability Boundaries and Fairness Challenges of BBR Congestion Control: A Three-Dimensional Framework, Version Evolution, and Multi-Scenario Evaluation

Dear Mr. Xu,

Thank you for submitting your manuscript to Computer Networks.

I have completed my evaluation of your manuscript. The reviewers recommend reconsideration of your manuscript following major revision. I invite you to resubmit your manuscript after addressing the comments. Please resubmit your revised manuscript by **Oct 16, 2026**.

To view your reviewer feedback, please log in as an author at <https://www.editorialmanager.com/comnet/> and navigate to your manuscript in the " Submissions Needing Revision " folder under the Author Main Menu.

When revising your manuscript, please consider all issues mentioned in the reviewers' comments carefully. Please note that your revised submission may need to be re-reviewed.

Research Elements (optional)

This journal encourages you to share research objects - including your raw data, methods, protocols, software, hardware and more - which support your original research article in a Research Elements journal. Research Elements are open access, multidisciplinary, peer-reviewed journals which make the objects associated with your research more discoverable, trustworthy and promote replicability and reproducibility. As open access journals, there may be an Article Publishing Charge if your paper is accepted for publication. Find out more about the Research Elements journals at [https://www.elsevier.com/authors/tools-and-resources/research-elements-journals?](https://www.elsevier.com/authors/tools-and-resources/research-elements-journals?dgcid=ec_em_research_elements_email)

Computer Networks values your contribution and I look forward to receiving your revised manuscript.

Kind regards,
saverio mascolo
